KAUNOS ACTION jeep safari + canyoning

Hello everyone!

June has been hotter than ever, as far as we can remember, but hold on, it has also never been wet that much! Well, for holiday makers, we can understand what it means to have rain when you're ready to head to the beach expecting sunshine all day; but, rain has been really good for the soil and to cool those hot days!

The seakayak tour from Dalyan to Göcek was fabulous; that was a weekly tour which did also have a rafting and a trekking day as part of the package. Meanwhile, the trekkers enjoyed the Ekincik walk, which we organised about twice a week and it involved walking in the morning and a snorkelling boat tour in the afternoon.

July will be the month for "wet" activities: Jeep safari, Canyoning, Seakayaking, Rafting and of course the boat tours. And "Multi-active tour" is what we call that combines all of these to make sure you're wet the whole week:

- ✍ 13-15 July: Mini Cruise on Gulet
- ✍ 17-22 July: Multi-active Outdoor, Wet Wet Wet
Dalyan based Multi-active.

Hope to see you in one of them!

Start with a jeep safari to explore the liquidamber forests, Yuvarlakçay river and Köycegiz Lake, then a delicious lunch on Yuvarlakçay. In the afternoon, head to the start of the Toparlar canyon 30 minutes away, walk up stream for about an hour, do the jumps into superb natural ponds as you return down stream.

This is a full day action pack guaranteed to give you good time, good fun and good food... and the adrenalin jumps are always encouraged!

Q&A:

- ✍ **Is it hot in the jeeps?** No, because we make sure you're wet as soon as you feel hot!
- ✍ **Can we swim in the Yuvarlakçay river?** Yes, of course; but, we wonder how long you can:)
- ✍ **What's the highest jump in the canyon?** 10000 mm; or 10 cm if you don't wanna do the jump.
